BAY JUNIORS FETED AT BANQUET

The Bay Junior Baseball Team enjoyed a turkey banquet and all the trimmings, with their host Ray Kidd at his Drive Inn Restaurant on Thursday, Sept. 3.

The team, organized by Father Taylor, Assistant Pastor of Our Lady of The Gulf Church, managed by Jerry Kiefer, closed their season with five wins and three defeats.

Mayor John Scaife introduced the guest speaker of the evening, Monk Simon, well known in sports circles in New Orleans, who gave a brief address to the boys. A short address was also made by both Father Taylor and A. C. Mitchell, Clerk of Court.

Awards were made to the boys by Manager Jerry Kiefer and A. C. Mitchell. Each boy on the team received a gold baseball. Outstanding awards were given the following:

Highest batting average — Herman Jacobi

Most Valuable player — Larry Mathes

Best Infielder — J. E. Loicano

Most sportsmanlike player — Tommy Kidd

Two of the trophies awarded and the gold baseballs were given by Jos. Loicano, Mayor Scaife and A. C. Mitchell donating the other two.

About forty persons were present at the banquet. Representing the County in addition to A. C. Mitchell were John Shaw, President of the Board of Supervisors and Manny Hubbard, Supervisor from the city Mayor John Scaife, and Commissioner J. Cyril Glover.

LEGION DEDICATE FREE FACILITIES LAST SATURDAY

Another project of service to the community has been marked 'completed' by the Clement R. Bontemps Post 139 Bay St. Louis. This project of providing lights along the Legion's quarter-mile free public pier has earned many "well done's" from civic leaders in the community.

Dedication ceremonies were held at 6 p.m. Saturday, Sept. 5 at the Legion Pier. Mayor John Scaife, and Commissioner Cyril Glover attended the ceremony. Many citizens attended the event. Mayor Scaife and Commissioner Glover threw the switch to light up the pier and floodlight the Sand Beach. Automatic time-clock device will start and stop the lights at a set hour each evening.

Brief speeches were delivered by Mayor Scaife and Commander Lucien Kidd.

Committee working on the installation of lighting facilities were John D. Rutherford Jr., Chairman, Leroy Luke Sr., Lucien W. Kidd, Frank Taconi, Jim Pfeiffer. Special thanks for cooperation in the project were extended to the City Council and the Coast Electric Power Association.

Mayor Scaife pointed out the Legion's activities were noted and appreciated by the City Council and all citizens of the Community. He lauded the Legion officials and Legionnaires for their wholehearted interest in working to build a better Bay St. Louis and Hancock County. "Such projects as this cause me to be proud to belong to the American Legion," he stated.

Commander Kidd stated, "This does not complete the Legion's service to the community. It is only a signal that one project is completed and that the Legion is ready to start another project for the Community."

"Service to the community," Commander Kidd continued, "is the most lasting gift that we can give to our fellow citizens. We offer this gift as a memorial to those patriotic men who died so that we might carry on our 'American Way of Life.'"

YC Auxiliary To Meet

The Bay-Waveland Yacht Club Auxiliary will hold their monthly luncheon and Canasta party at the Club House on Wed., Sept. 16 at 12 o'clock noon. Hostesses for the event will be Mrs. Lois Segel and Mrs. T. T. Robin.

The auxiliary will sponsor a shrimp boil Friday, Sept. 18 from 7 to 9 p.m. Admission 1.50 donation. The proceeds will be used to further the beautification program.

"The Plant Doctor," "Roses for Everyone," etc.) came to Bay St. Louis to lecture.

Many times Mrs. Mogabgab has unselfishly covered miles over the State of Mississippi with no remuneration driving to remote hamlets as well as large cities, to assist some group to organize a garden or civic club, to speak before a handful of a hall full of people on her favorite subject. Her theory is that an interest in better garden culture is an interest in better community culture.

The lady's value to the local garden club is proven in that ten out of the recent fifteen years of her membership she has been retained on the executive board and has been elected to every chairmanship in the organization.

IDEAL WEATHER MARKS LABOR DAY WEEKEND

Perfect weather marked the end of the summer season for visitors to the Gulf Coast.

With the change in temperature over the weekend, clear blue skies and cool days with cooler nights, the Coast offered probably the most enticing weekend weather in this or any part of the country. Those who chose this area for their Labor Day holidays were certainly not disappointed in any way. And those who have been along the Coast during the entire summer, will return to their homes with reluctance to leave the beautiful fall which was ushered in this week. For nowhere in the country can September or October offer more enticement than here on our Coast. The Skies take on a richer blue, the trees and foliage a deeper green, and the waters of the Bay and Gulf seem more inviting than any other time of the year.

A new zest enters the air and children and teachers trip happily to answer the ring of the school bell. Year round residents emerge from the lethargy of the hot summer months, to resume the normal activities of entertainment from which they seem to shrink wisely during the more torrid days. Organizations and clubs, which disband meetings during June, July and August, start again this month, and civic and social activities become paramount in the thoughts of all.

The many visitors to this part of the Coast are in accord that the choice they made was a good one, and an assurance of continued tourist and visitors during the fall should mark profitable and pleasurable business for Bay St. Louis and the Mississippi Gulf Coast.

Lions Place More Candy Machines In Local Firms

The Bay St. Louis Lions Club has placed more of the candy-nut machines out, with the splendid cooperation of several more local merchants. The pennies that stay in Hancock County go into the Lions sight conservation fund. Next club meeting is scheduled for Monday, Sept. 4, with John Damborino as program chairman. A good number of the new members will be present, and their induction as full-fledged members will be held in an October ceremony, with the District Governor of Mississippi District 30-D, as master-of-ceremonies.

BAY HIGH PTA TO MEET SEPT. 15

The first regular monthly meeting of the PTA of Bay High School will be held at the Youth Center on Tuesday night, Sept. 15, at 8 p.m.

The meeting will be more in the order of a social hour, so that faculty and parents may become known to each other.

It is hoped that the PTA will draw all parents and townspeople interested in the welfare of children through the educational system, and the enrollment this year surpasses those of the past.

Dues are 50c for the year, and membership may be had by contacting Mrs. Walter Rausch, Membership Chairman, Phone 569-J.

Attend Reunion

Mrs. Grady Perkins, Miss Mary Perkins and little Mary Margaret Perkins, daughter of Mr. & Mrs. R. Terrill Perkins returned last night from a trip to West Green, Ga., where they attended a family reunion of the maternal side of the Perkins clan. About 200 members of the family gathered. In Georgia the group from the Bay was joined by Miss Gertrude Perkins, who returned home with her sister.

NOTICE TO OUR ADVERTISERS AND READERS

For the benefit of merchants who will have Dollar Days advertisements in next week's issue of our paper, and readers who will want to take advantage of these ads, we will publish next week's issue on Wednesday evening, September 16, in order that the papers may be distributed in Thursday morning's mail, thereby giving readers more time to read the Dollar Days ads.

To make this possible we are asking that all advertisers have their copy this Friday or Saturday, if at all possible, but positively NOT LATER THAN NOON MONDAY, September 14. All news articles also will have to be in by Tuesday noon.

Dollar Days will be held Thursday, Friday and Saturday, September 17-18-19, and the public is asked to cooperate to assure the success of this venture.

Fenasci Dance Studio To Open For Winter

The Fenasci Dance Studio will open Sept. 18, when registrations will be made at the Studio 112 S. Second St.

This is the third year that the studio has been operating in the teaching of all types of dancing to both children and adults in Bay St. Louis. Each year there is a re-venue to close the season before the summer months. These events are looked forward to by the community, as delightful entertainment, and from the knowledge of the dance as taught pupils by Miss Jerry Fenasci who enjoys a reputation as one of the better instructors in the city of New Orleans.

Waveland Man Dies

Haywood A. Bourgeois, 33 year old resident of Waveland, died in Veterans Hospital on September 5, 1953, at 10:40 p.m.

The funeral was held from the Fahey Funeral Home in Bay St. Louis Monday, Sept. 7, at 4 p.m. Religious Services at St. Clair Catholic Church in Waveland, and interment in Waveland cemetery.

Well known in Waveland, Bourgeois was the son of a former Mayor of that town. He is survived by a son, Haywood Bourgeois Jr., and was the brother of Mrs. C. F. Richard of New Orleans. Felton, Leland and Stanley Bourgeois of Waveland, Thomas James Bourgeois of Waveland, Jerry Bourgeois of Gulfport, and Clarence Bourgeois of New Orleans. He was the son of Mrs. Jennie Ladner Bourgeois and the late Thomas Bourgeois, both of Waveland.

John Ladner, Blow Fish, 5 inches, .50

Fletcher Cochran, Gafftop Catfish, 4 1/2 inches, .50

Leroy Luke Jr., Sardine, 3 inches, .30

Presentation of the cash awards was made at 6 p.m. on the Legion bench. A large crowd was present as Mayor John Scaife congratulated each winner.

Vice-Commander Leroy Luke stated that the entire amount paid by the Legion could not pay for his own enjoyment of working in the Junior Fishing Rodeo. His comment was echoed by many of the Legionnaires present at the Rodeo.

In an impromptu meeting after the Rodeo it was decided by all those present to make the Rodeo a yearly event. The same day, Saturday before Labor Day, each year will be the grand closing event of the summer for the school boys and girls of this locality.

Enrollments Up In Local Schools

School enrollments in Hancock County have increased considerably this year.

E. E. Breland, Supt. of Education of the County, reports that the enrollment in the white schools of the county, excluding Bay St. Louis, and Waveland, show an increase of about 150 students with an approximate enrollment of 1300.

No report has been made available on the colored public schools at this date. In Bay St. Louis all schools reporting enrollments show an increase over last year.

St. Stanislaus enrolled 117 pupils from the 5th through the 12 grades. This does not include the Day School which has not been reported.

Taylor School which is only for primary grades has 15 pupils. Webb school has an enrollment of 45 pupils.

St. Rose de Lima gives 43 High School Students and 128 in grammar grades.

St. Joseph's Academy reports 213 elementary and 90 high school. "No reports are available from Bay High School, Velma C. Jones, Waveland.

Fenasci Dance Studio Legion Auxiliary To Open For Winter To Meet Sept. 14

The Fenasci Dance Studio will open Sept. 18, when registrations will be made at the Studio 112 S. Second St. This is the third year that the studio has been operating in the teaching of all types of dancing to both children and adults in Bay St. Louis.

Each year there is a revue to close the season before the summer months. These events are looked forward to by the community, as delightful entertainment, and from the knowledge of the dance as taught pupils by Miss Jerry Fenasci who enjoys a reputation as one of the better instructors in the city of New Orleans.

The American Legion Auxiliary will meet Monday, Sept. 14. All members are urged to attend to nominate and elect a queen for the coming Harvest Ball.

The month of Sept. is set aside for Music appreciation. Mrs. L. S. Elliott is chairman & hopes to arrange an appropriate program.

The Auxiliary assisted the American Legion at the Fishing Rodeo by selling Hot Dogs to the hungry participants & spectators.

Mrs. Claiborne Ladner, President, asked that members work diligently so the unit can reach its membership quota by Sept. 23, as the Area convention meets at Gulfport on Sept. 23. Let's have a good report & a large attendance.

Waveland Man Dies

Haywood A. Bourgeois, 33 year old resident of Waveland, died in Veterans Hospital on September 5, 1953, at 10:40 p. m.

The funeral was held from the Fahy Funeral Home in Bay St. Louis Monday, Sept. 7, at 4 p. m. Religious services at St. Clair Catholic Church in Waveland, and interment in Waveland cemetery.

Well known in Waveland, Bourgeois was the son of a former Mayor of that town. He is survived by a son, Haywood Bourgeois Jr., and was the brother of Mrs. C. F. Richard of New Orleans, Felton, Leland and Stanley Bourgeois of Waveland, Thomas James of Clermont Harbor, Jerry Bourgeois of Gulfport, and Clarence Bourgeois of New Orleans. He was the son of Mrs. Jennie Ladner Bourgeois and the late Thomas Bourgeois, both of Waveland.

53-54 GIRL SCOUT PROGRAM IS LAUNCHED

The 1953-54 program for the Girl Scouts of Bay St. Louis was begun with a meeting of the Neighborhood Council at the home of Mrs. C. C. McDonald.

The Girl Scout program which was re-activated in Bay St. Louis two years ago, has met with enthusiastic reception from the girls of this area. Last year over 100 girls participated in the program and this year more applications have been received. This creates a need for leaders to work with the girls so that the full benefits of the Girl Scout program can be enjoyed by all girls who are interested.

The Girls Scout promise, "On my honor I will try to do my duty to God and my Country, to help others at all times and to obey the Girl Scout laws" expressed the objective of Girl Scouting which is to teach the girls a sense of responsibility to God, country and to help others. By practical knowledge to give them enough knowledge to be of service in those fields.

Last year the Bay St. Louis Neighborhood Association of the Live Oak Council held the first Girl Scout Day Camp in Hancock County. Sports, nature, studies, art and drama, and practice in living together were provided for the girls.

This year the need for leaders is urgent. If the girls of our community are to benefit from this program they must have adult leadership. It is not necessary to have expert knowledge in the fields covered by the Girl Scout program. The Neighborhood Council arranges for periods in the community with this knowledge to assist the girls in their work. All that is needed is an interest in the girls' desire to help and a little time.

Anyone interested in giving their time to this program is urged to contact Mrs. C. C. McDonald.

Enrollments Up In Local Schools

School enrollments in Hancock County have increased considerably this year.

E. E. Breland, Supt. of Education of the County, reports that the enrollment in the white schools of the county, including Bay St. Louis, and Waveland, show an increase of about 150 students with an approximate enrollment of 1300.

No report has been made available on the colored public schools at this date. This does not include the Day School which has not been reported.

Taylor School which is only for primary grades has 15 pupils.

Webb School has an enrollment of 45 pupils.

St. Rose de Lima gives 43 High School students and 125 in grammar grades.

St. Joseph's Academy reports 753 elementary and 30 high school.

No reports are available from Bay High School, Valere C. Jones, Waveland.

TELEPHONE AT AIRPORT

The Board of Supervisors of Hancock County have authorized a telephone to be installed at the Hancock County Airport. This will greatly facilitate persons making arrangements for transportation to the beach, and other facilities at the airport.

LEGION DEDICATE FREE FACILITIES LAST SATURDAY

Another project of service to the community has been marked completed by the Clement R. Bontemps Post 139 Bay St. Louis. This project of providing lights along the Legion's quarter-mile free public pier has earned many "well done" from civic leaders in the community.

Dedication ceremonies were held at 6 p.m. Saturday, Sept. 5 at the Legion Pier. Mayor John Scaffide, and Commissioner Cyril Glover attended the ceremony. Many citizens attended the event. Mayor Scaffide and Commissioner Glover threw the switch to light up the pier and floodlight the Sand Beach. Automatic time-clock device will start and stop the lights at a set hour each evening.

Brief speeches were delivered by Mayor Scaffide and Commander Lucien Kidd.

Committee working on the installation of lighting facilities were John D. Rutherford Jr., Chairman, Leroy Luke Sr., Lucien W. Kidd, Frank Taconi, Jim Pfeiffer. Special thanks for cooperation in the Project were extended to the City Council and the Coast Electric Power Association.

Mayor Scaffide pointed out the Legion's activities were noted and appreciated by the City Council and all citizens of the Community. He lauded the Legion officials and Legionnaires for their whole-hearted interest in working to build a better Bay St. Louis and Hancock County. "Such projects as this cause me to be proud to belong to the American Legion," he stated.

Commander Kidd stated, "This does not complete the Legion's service to the community, it is only a sign that one project is completed and that the Legion is ready to start another Project for the Community."

"Service to the community," Commander Kidd continued, "is the most lasting gift that we can give to our fellow citizens. We offer this gift as a memorial to those patriotic men who died so that we might enjoy our 'American Way of Life.'"

YC Auxiliary To Meet

The Bay-Waveland Yacht Club Auxiliary will hold their monthly luncheon and concert party at the Club House on Wed. Sept. 16 at 12 o'clock noon. Hostesses for the event will be Mrs. Luc Seal and Mrs. T. T. Hobbs.

The auxiliary will sponsor a shrimp boil Friday, Sept. 18, from 7 to 9 p.m. Admission 1.50 donation. The proceeds will be used to further the beautification program.

"The Plant Doctor" "Roses for Every One" etc.) came to Bay St. Louis in lecture.

Many times Mrs. Mogabgab has not only covered talks over the State of Mississippi, but has been instrumental in driving to success leaders as well as large city gardeners. Civic clubs, churches, and garden groups have been organized by her. She has been instrumental in securing a ball field for the city of Bay St. Louis. She has been instrumental in securing a ball field for the city of Bay St. Louis. She has been instrumental in securing a ball field for the city of Bay St. Louis.

The lady's voice in the local garden club is proven in that she set up the society fifteen years ago. Her membership has been increased on the executive board and has been instrumental in every championship in the club.

Lions Place More Candy Machines In Local Firms

The Bay St. Louis Lions Club has placed more of the candy-nut machines out, with the splendid cooperation of several more local merchants.

The project that stay in Hancock County go into the Lions sight conservation fund. Next club meeting is scheduled for Monday, Sept. 8, with John Damborino as program chairman. A good number of the new members will be present, and their induction as full-fledged members will be held in an October ceremony with the District Governor of Mississippi District 30-D, as master-of-ceremonies.

BAY HIGH PTA TO MEET SEPT. 15

The first regular monthly meeting of the PTA of Bay High School will be held at the Youth Center on Tuesday night, Sept. 15, at 8 p. m.

The meeting will be more in the order of a social hour, so that faculty and parents may become known to each other.

It is hoped that the PTA will draw all parents and townspeople interested in the welfare of children through the educational system, and the enrollment this year surpasses those of the past.

Dues are 50c for the year, and membership may be had by contacting Mrs. Walter Rausch, Membership Chairman, Phone 569-J.

Attend Reunion

Mrs. Grady Perkins, Miss Mary Perkins and little Mary Margaret Perkins, daughter of Mr. & Mrs. R. Terrill Perkins returned last night from a trip to West Green Ga., where they attended a family reunion of the paternal side of the Perkins clan. About 200 members of the family gathered. In Georgia the group from the Bay was joined by Miss Gertrude Perkins, who returned home with her sister.

NOTICE TO OUR ADVERTISERS AND READERS

For the benefit of merchants who will have Dollar Days advertisements in next week's issue of our paper, and readers who will want to take advantage of these ads, we will publish next week's issue on Wednesday evening, September 16, in order that the papers may be distributed in Thursday morning's mail, thereby giving readers more time to read the Dollar Days ads.

To make this possible we are asking that all advertisers have their copy this Friday or Saturday, if at all possible, but positively NOT LATER THAN NOON MONDAY, September 14. All news articles also will have to be in by Tuesday noon.

Dollar Days will be held Thursday, Friday and Saturday, September 17-19, and the public is asked to cooperate to assure the success of this venture.

Mogabgab Is Active In Local Garden Club

BY VICKI E. HILL

Where no individual has contributed more to the interest of better gardening than has Mrs. Eugene Mogabgab. It seems fitting that with the expiration of the Bay-Waveland Garden Club's fifteenth anniversary that this lady be specially honored for her persistent and consistent endeavor.

Mogabgab's love of horticulture sometimes took in the 1930's when she settled down to a serious study of the subject. As a result of her application to a new-born garden club in the 1930's, she later established a nursery, selling in Camellias, roses and shrubs. This small but comprehensive was known as "Bay Garden" and was operated successfully until 1941.

At this time Mrs. Mogabgab was active in the garden club in Pass Christian and remained on its roster as the residents of Bay St. Louis.

She was also a member of the Club, and to form a similar organization of women.

She automatically made the lady a member of the present Bay-Waveland Garden Club and she was elected to the office of first vice president.

Mrs. Mogabgab's efforts, the Bay-Waveland Garden Club, which she has been instrumental in the formation of the club.

**Medical Leader
 To Address
 Physicians**

JACKSON, (Special) - Mississippi physicians and their guests will host one of the nation's outstanding speakers of the medical profession at the fifth annual scientific assembly of the Mississippi Chapter of the American Academy of General Practice, according to Dr. Gus A. Rush, Meridian, president of the organization.

The speaker is Dr. R. E. Robins of Camden, Arkansas, immediate past president of the American Academy of General Practice and a leader in civic and political affairs. He is to address the banquet meeting to be held on the Hildeberg Hotel Roof in Jackson.

Dr. Robins' address is one of the highlights of the two-day scientific assembly to be held in Jackson Sept. 16 and 17 for the purpose of bringing the latest scientific information to the state's hard-working general practitioners.

His quarters for the assembly will be the Hildeberg Hotel in Jackson. Registration will begin at eight a.m. with the first meeting scheduled for nine a.m., Wednesday, September 16.

Dr. Robins, as immediate past president of the nation's third largest medical organization, is one of the recognized leaders of the profession. He recently completed his second four-

year term as Democratic National Committeeman for Arkansas and was the only physician on the National Democratic Committee.

He was founder of the Robins Clinic in Camden, Arkansas. He is now chief of staff of the Ouachita County Hospital in that city and professor of medical economics at the University of Arkansas School of Medicine.

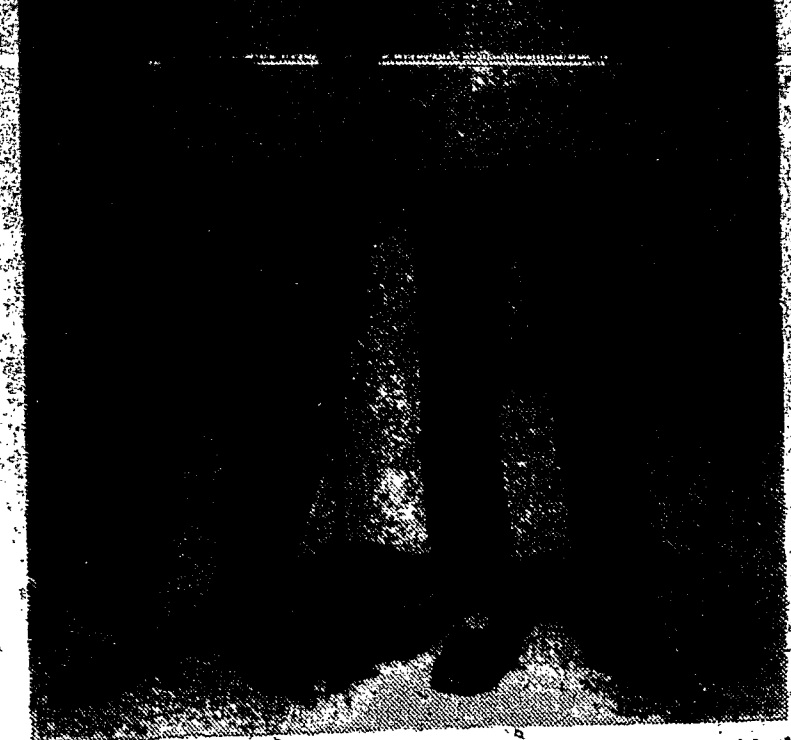

Scientific speakers to be heard at the meeting include, Dr. Thomas F. Frist, Chief of Medical Service for Nashville General Hospital, Nashville; Dr. Guy A. Caldwell, Oschner Clinic, New Orleans; Dr. Randolph O. Benson, Vanderbilt University, Nashville, Tenn.; and Dr. E. C. Hembelen, Duke University, Durham, N. C.

The program also includes medical and scientific features and special events for the wives of physicians attending the assembly.

**MISSISSIPPI AMONG
 LEADING TREE FARM
 STATES OF NATION**

Mississippi ranks high among the 48 states in the number of tree farms whose owners are demonstrating both desire and ability to protect their woodland and manage it for the continuous production of useful forest products. Only two states—Alabama and Texas—have more tree farmers than Mississippi.

As of August 1, there were 401 tree farms in Mississippi, with a total acreage of 1,107,929. Texas has 468 tree farms and Alabama 434.

GOOD CATCH—Joseph Kern Jr. and Donnelly Lockhart came in with the catch shown above Friday morning. Young Kern caught the 30 pound drum on a 20-pound test line.

Birthday Party

A barbecue chicken supper was enjoyed by a number of friends of Kathleen Herlihy, on the occasion of her 12th birthday, which she celebrated on Saturday afternoon at the home of her parents.

The supper was served the children on the spacious lawn. Games were played and later in the evening a large birthday cake was enjoyed by all present. About twenty children were invited to the supper.

Coming from New Orleans, were the grandparents of Kathleen, Mr. and Mrs. Tobin H. Underwood, Sr., and Mr. and Mrs. W. J. McQueen and daughter Marsha, and Mr. and Mrs. Earl F. Knight and daughter Carol, all relatives of the family, and Mr. and Mrs. Jack Saux and their son, Jack, Jr.

TAINT FAIR
 Teacher, patently: "If one and one make two, and two and two make four, how much does four and four make?"

Co. Agent's Notes

SOYBEANS
 Soybeans should be combined direct from the standing plant. The pods should be fully matured and the beans dry.

While soybeans can be combined at moisture contents of 4 per cent and higher, they are not safe for storage with a moisture content of higher than 13.5 per cent. Most soybean elevators have equipment for making the moisture test.

Here is a rough "rule of the thumb" test that you can use in the field: The pods should be dry enough to split open when squeezed between your thumb and forefinger. Dry beans will crack all the way through when you bite them. If the beans are chewy you can be pretty sure that the moisture content is too high.

Check your soybean crop for highest and best yields, combine when the beans are at the proper stage of maturity.

Combine Questions. Keep all safety shields in place when operating the combine. Do not allow riders, especially children, on the combine. Always stop power take-off before lubricating or adjusting the combine. Loose leaves, pockets, lead ropes or long fingered gloves may get caught in the moving parts. Remember, it is better to be safe than sorry.

FERTURE
 Dairy farmers especially should consider planning now and with in combination. This mixture will give grazing all winter and up until around April 15th. Then a hay crop can be cut from the hay and wheat.

Fertilizer should be started and mixed this month. However, it should not be spread until it gets up around air to two inches tall. Recommended nitrogen applications are 40 pounds in September and an additional 30 pounds per acre in November.

Now the month is the time to start crimson clover-cypruses, vetches and other cover crops. Fertilizer should be put on at the same time. These crops will be better during September months for better grazing. If one is worried with the crimson-cypruses they can be planted at the time of plowing.

Legumes and other summer grazing areas should not be plowed in September or October. They should be cut and used for summer grazing. However, when a farmer wants to turn the winter grazing over to the fall, recommended now. These crops should be cut 20 inches high and plowed off completely.

Protect your pasture from fire. Build fire lines around hay stacks and around permanent pasture areas. Don't let your winter feed and permanent pasture areas join the 10-15 mile wide of grazing delayed and the loss of feed.

Ford's America's best buy any way you look at it! With 41 "Worth More" features it's worth more when you buy it...worth more when you sell it!

Every day, hundreds of folks experience a special kind of thrill for the very first time. They're taking '53 Ford's out for that important thing we call a Test Drive.

What's so special about that first ride in a Ford? Well, you get a hint the moment you slip behind the wheel, sink down on the foam rubber seat and look through Ford's one-piece windshield, curved just enough to flatter the car's looks, yet wide enough to let you see the whole countryside.

But the special thrill is the "tick" you get as you gently nudge the accelerator and feel the engine take hold. You're moving now, yet you barely feel any motion. You're moving faster, yet you have to listen to hear the engine. It's just about at this point that folks discover how much they like the '53 Ford.

Your choice of V-8 or Six
 Only Ford is in its field offering you a choice of V-8 and Six. A choice of Fordomatic Overdrive or Conventional. And no matter which Ford engine you choose, you get the gas savings of Ford's Automatic Power Pilot, high compression 60 psi regular.

Front-end road shock reduced up to 80%
 Ford's new spring and shock absorber action makes even roughest roads carpet smooth. Wide front track helps take tilt out of turns. Ford offers America's newest power steering, too. And for less money than any other in Ford's field.

See it... Value Check it... Test Drive it!

Checking around town, we found out we didn't do as bad as we first thought. At least we caught two cats, an unidentified fish and a crab. Any number of others questioned never even lost their bait. Seems to me, we've caught more colds this summer than we have fish.

Disputing the fish... the number has been pretty good. Remember... we had the opening of our wonderful new bridge, the election of a new mayor, our Memorial Library was dedicated and opened to the public, the Little Theatre came up with a couple of fine plays, the minister the Christ Episcopal Church put on was great. Most fun I've had in ages. We've had a little more than the usual activity along the lines of crime... this column, Kit and Kaboodle made its appearance in August... Waveland put up a much needed traffic light on the beach... the Ladies Auxiliary of Christ Church had a wonderful supper at the Yacht Club... a tiny tot fashion show made a hit with everyone... I'd say it was a pretty good summer.

I'll miss the wonderful, lazy, informal chin-fests I've had this summer. Met some outstanding people this year. From many different professions. Their shop talk fascinated me... it was so different. A little while back when the rains set in... we had a fairly good time at our house getting acquainted with the family. Funny how you take things for granted. Each man on his own, interested in his own activity. A family can live in the same house but in different worlds to speak. Getting acquainted again was pretty good... learned something... they're pretty fine people. I like them... all in all, I'd say it was a pretty good summer... how about you???

Two well known writers, strangely enough, came up with the same idea for their column this week. It made for interesting reading. In "Today's Talk," George Mathew Adams used "Relaxation" as his topic. Short, to the point and very informative. Another favorite Doctor T. R. Van Dellen, in his "How to Keep Well" column, wrote... "A Cheap and Comfortable Remedy."

In his column, he wrote... "Rest cures, for many ailments and in certain disorders, is preferred to drugs and other measures. Most animals lie down and remain quiet when they become ill and humans follow suit except for those few martyrs who think it smart to continue until they collapse. These men and women are aptly dubbed "diehards."

Dr. Van Dellen says that temporary bed rest is invaluable for those with colds and other respiratory infections. It not only helps to increase resistance, but takes the individual out of circulation to prevent the spread of infection to others.

He continues, "rest like any other remedy, should never be overdone or used unwisely."

I sincerely hope this message will reach a few individuals I know, who think that their presence is imperative to their business, their social activity and their families. Unfortunately, I came in contact with one of these so-called martyrs, and I'm still trying to rid myself of a bad cold.

A few days of taking it easy has made a marked improvement. I heartily agree with both Dr. Van Dellen and Mr. Adams, relaxation is GOOD for the mind, the soul and the body. It affords an excellent opportunity to take stock... to recoup, and set a new course for future activity...

Cheap valuable advice... try it some time. It pays off.

Made a wonderful discovery this summer. Quite by accident I heard about a dog that was quite old. Being a Tail-Wagger from way back, I made it my business to look this dog up. I've had a wonderful time getting acquainted with "The Old Man". And that is just what he is... an old man. He is twenty one years old. Will be twenty two years old on Washington's birthday in February.

He is alert, willing to play at the drop of a hat. He has his teeth, even though they are worn down, but he uses them without any trouble. His sight is good and his hearing is clear.

Judging from the way we got on, I'd say he loves company, just enjoys all the attention and affection you'd give him. He'll roll over on his back to have his stomach scratched, with the greatest of ease. He does limp slightly. But that is because he met with an accident and broke his leg about two years ago.

A tremendous amount of credit for kindness, thoughtfulness and sincere affection goes to Colonel and Mrs. Paul Jones of Julia Street. They are the proud owners of "The Old Man."

To my knowledge, the oldest dog I've ever heard of was sixteen years old. That was back in New York. A professional dog handler owned him. The last three years of Nick's life was very inactive. He did nothing but sleep. But the "Old Man" is a wonderful animal. His diet is watched carefully. He doesn't keep fat. He's clean and he needs much love and care.

I hope there's a special treat in the Good Book for people like him.

...the subject of Liberte... was not only discussed... of the MIA-Continental OR... his popularity on Liberte's good looks. Unfortunately, some people are leaped on the subject, and it got Northern part of Canada.

Stresses Importance of PMA Elections

Stressing the importance of getting out a big vote for PMA farmer committees on September 26, 1953, Fitchugh Lee, County Chairman, said, "Among their duties our county and community committees are responsible for the administration of price-support programs and for the determination of acreage allotments on any crops for which allotments are in effect."

"The kind of job the county committees do means a whole lot to each Hancock County farmer participating in the agricultural programs administered by the Production and Marketing Administration. And all these farmers have a chance to vote in electing the men who supervise the programs at the farm level," Hancock county chairman advised. "Every farmer who has an interest in a farm—owner, tenant, or sharecropper—is eligible to vote if he is participating in or carrying out farm practices in accord with programs administered by

When the time is coming near when the Dove and Split Dove seasons will open it is important to get some information as to the activities of the Association.

This Association has been very active since its reorganization two years ago and has been very busy representing the Hancock County Farmers' Association in all of the State Game and Fish Commission. It was through his efforts that Hancock County now has an open Turkey season and will have for the first time in many years an open season on "split" Jack snipe. The Snipe season will open December 27th and close January 10th.

President Ladner stated that every effort is now being made by the Hancock, Harrison and Jackson County Associations to have the trapping season correspond with that of our neighboring states of Louisiana and that more definite information on this subject will be given at a later date.

It is hoped that in the very near future Hancock County will have an open Deer season.

There has been much controversy about the split Dove season. Although his efforts were not successful, "Jack" was very prompt in making his contacts in an attempt to have the dove and waterfowl seasons changed. Mr. Eugene Fly, Director of the State Game and Fish Commission, advised Mr. Ladner under date of June 22, 1953, as follows: "Receipt is acknowledged of your letter

local county PMA committees." In the near future, a schedule for PMA farmer committee elections will be announced and every farmer is urged to take advantage of the right to vote in the community elections.

Dear Mr. Ladner:

In reply to your letter of August 21, 1953 regarding the Dove (Turkey) season, I am in total agreement with you and Mr. Eugene Fly, Director of the State Game and Fish Commission, in your desire to have the Dove and Turkey seasons changed. I do not have letters on my desk regarding the change in the Dove season, but it would be impossible to have the Dove season changed unless they have already been fixed and printed by the Fish and Wildlife Service in Washington.

Sincerely yours,

Eugene Fly, Director

Your Association was instrumental in having duck, coot and goose opening dates correspond with the opening date in Louisiana. This season will open from November 17th to Jan. 10th.

15,000 INVITED TO WORLD TRADE INSTITUTE AT UNIVERSITY

More than 15,000 Southern leaders have been invited to the 1954 World Trade Institute September 10-11 on the University of Mississippi campus, conference director Duke Traylor said.

The institute will attempt to find a workable and sound policy to increase Southern exports and establish a realistic foreign trade policy under the leadership of some of the nation's outstanding leaders in world trade, business, economics and agriculture.

Here comes fresh corn

Tender, milky, melt-in-your-mouth kernels, drenched in country butter! And you can have it tonight—or all year 'round—thanks to your friend electricity!

Electricity will help you cook it, or it, freeze it. Electricity will help you mix, grind, stir, blend, bake. Electricity will help you take full advantage of the whole bountiful harvest coming up—and do it for mere pennies.

This means that electricity really costs next to nothing! In fact, it's by far the biggest bargain in the family budget today.

Thousands of Men in "IRON HATS"...

Day in and day out, these modern explorers in their silvery metal helmets are searching for new sources of natural gas... to meet your needs of today and many years from today.

There's only one sure way to find natural gas... and that's to drill for it—often thousands of feet into the earth. It's a costly process, too, and the odds against finding either gas or oil in an undeveloped area are eight to one based on the national average last year.

The natural gas industry will continue to search for additional reserves of this premium fuel... will continue to build pipe lines and distribution facilities to move it to your home or factory... of fuel as it sells at prices that provide a fair return on the enormous investments required.

If we think of the gas that nature has put in the ground as a bargain in itself, we can see that every cubic foot of gas is worth more than some!

\$2½ Million This Year for New Rural Telephones in Mississippi

HERE IN MISSISSIPPI we're tying the rural communities we serve and the farm neighbors in them closer together by a rural telephone expansion program which, at the rate we've been going, will cost us \$2½ million dollars this year.

This will bring the total gross cost of new rural construction in Mississippi since 1945, to approximately \$15 million dollars.

We've been breaking records to keep pace with the demand for more rural telephones in the State. As a result there are four times as many telephones in farm homes and business houses today as there were a little over 7 years ago.

Gartin Points To Mississippi Advances At Rural Telephone Day In Lincoln

ABOVE: Taking part in Rural Telephone Day at Loyd Star were (left to right) Sheriff Bob Case, A. W. Jourdan, and other officials. Below: Sheriff Robert E. (Bob) Case places first long distance call over the new rural telephone lines. Looking on are (left to right) W. W. Godbold, 2nd Assistant Governor, Gartin, James A. Phillips, Southern Bell Mississippi Manager, and Public Service Commissioner, Mr. Sanford.

BROOKHAVEN—Lieutenant Governor Carroll Gartin was the principal speaker and many other men of prominence took part in rural telephone day ceremonies Wednesday morning in the nearby Loyd Star community.

The celebration marked the beginning of service on an important part of one of the largest rural telephone undertakings to be started in Mississippi this year by the Southern Bell Telephone and Telegraph Company.

In the address delivered at the Loyd Star Consolidated School, Lieutenant Governor Gartin pointed out with pride to Mississippi's great progress in many lines during recent years.

"The rapid expansion of our state's public utilities and the great advances in crop diversification and cultivation in raising cattle raising and other things, these things are the result of the progress we have made in the past few years."

"The first long distance call was placed over the new rural telephone lines by Lincoln County Sheriff Robert E. (Bob) Case who called his home in Brookhaven, Miss. from his home in Lincoln County, Miss. at 10:00 a. m. on Wednesday morning."

A large group of officials and community members were present at the ceremony. The new rural telephone lines will serve approximately 100 square miles extending westward from U. S. Highway 51. It is northwest of Brookhaven and contains the communities of Loyd Star, New Light, Caseyville, and Old Red Star.

Approximately 1000 miles of wire and wire in cable will be laid for the undertaking. The undertaking will serve approximately 1000 poles, about 220 of which have been erected by Southern Bell. The balance will carry telephone facilities for outside rental agreement between Southern Bell and the Southwest Electric Power Association over 1100 cross arms and great quantities of spacers and other material must be used.

The undertaking was sponsored by the speakers and will be maintained by the telephone company of over 1000.

James A. Phillips, Southern Bell Manager for Mississippi, said that the new rural telephone lines will serve approximately 100 square miles extending westward from U. S. Highway 51. It is northwest of Brookhaven and contains the communities of Loyd Star, New Light, Caseyville, and Old Red Star.
